Dear Sir/Madam,

Re: Application for ICT Internship – May 2025

I am writing to express my keen interest in applying for an internship opportunity in the Information and Communication Technology (ICT) department at National Medicine Store, Kajjansi Town Council. I am currently a student at Kyambogo University, pursuing a Bachelor's Degree in Information Technology and computing, and I am eager to apply the knowledge and skills I have gained during my studies in a real-world setting.

I am particularly drawn to this internship because of National Medicine Store's critical role in Uganda's health sector, and I believe that the ICT department offers a perfect environment for me to enhance my practical skills while contributing to the team. I am confident that my academic background, along with my passion for technology and innovation, will enable me to make meaningful contributions to your department.

During my academic career, I have gained hands-on experience in programming, networking, systems analysis, etc. Additionally, I am proficient in using various software tools and applications such as Microsoft Office, programming languages, or databases. I am a quick learner, detail-oriented, and highly adaptable to new technologies.

I am excited about the opportunity to contribute to National Medicine Store's ICT initiatives and to learn from the team. I am confident that this internship will allow me to grow professionally and enhance my skills, which will be valuable in my future career in ICT.

Please find my resume attached for your review. I would be grateful for the opportunity to discuss my application further during an interview. I am available to start the internship in May 2025, and I can be reached at +256 770974075 or via email at ogangiemmanuel2020@gmail.com.

Thank you for considering my application. I look forward to the possibility of contributing to your team and gaining valuable experience at National Medicine Store.

Sincerely,
ogangi emmanuel
